MACE AUDIO CHALLENGE MALAYSIA – 2009

Uedem, 23. Oktober 2009

MICRO-PRECISION AND PSI ARE CROWNED CHAMPION AGAIN IN MACE AUDIO CHALLENGE HELD IN JOHOR, MALAYSIA BETWEEN 3RD AND 4TH OCTOBER 2009.

Taking the Sound Quality Challenge Championship under Amateur Modified B-Category, this Nissan Latio 1.6 which was equipped with a pair of Micro-Precision Series 3 Midbass, a pair of Micro-Precision Series 5 Tweeters and a pair of 2-Way Passive Crossover connected by PSI RCA Interconnect and PSI Speaker cables, managed to complete the whole system set-up just before the competition.

Contestant and the installer, Mr Calvin from Option Sound were delighted that they had won the Championship with a huge winning margin of 6 points (over the 1st Runner-Up). The Judge gave the following comments :

“Tonal accuracy was perfect, very good tweeters’ wide band. Very detail in delivery of music as every single detail was delivered. Mid and sub-bass were easily matched “

AutoTomorrow and Micro-Precision would like to express our congratulations to the Champion and his installer, Mr Calvin from Option Sound for this wonderful job.

Kind regards from Germany

Thomas Hoffmann
